Media Release

RUH car park access road closure

An access road to public car parks is being temporarily closed at the Royal United Hospital this weekend (July 23/24).

The essential work is part of the construction of a new 300-space car park, due to open in September.

The main entrance drop-off point, bus stops, Blue Badge car park and the Princess Anne maternity wing car park are open as normal. But patients, visitors and staff will not be able to turn right at the main entrance roundabout and will have to use the Penn Hill Road entrance to reach all other car parks on the site. Diversion and information signs will be in place.

We apologise for any inconvenience.
