Mark	Beresford	Consultant Oncologist	Contracted to Breast Clinical Reference Group for Genesis UK. I already refer patients to the Genesis Centre in Bristol for my private practice. I have been asked to be part of their national breast cancer CRG (advising on breast protocols and planning issues). This is a separately contracted (paid) role with the company. It won't affect my RUH NHS work (and of course may be beneficial from a radiotherapy quality assurance viewpoint to be involved in these national discussions). Most work will be by email and therefore remote (evenings). There are 2 face-to-face meetings in London each year which I will book off as annual leave. Jennifer	Page	Consultant Haematologist	I am part of an RUH team of Haematologists that staff a rota to provide advice to Sulis Hospital Bath regarding management of haematology issues. We intent for all Consultant Haematologists on the RUH rota to cover the Sulis rota to make the organisational framework more robust. I will therefore need to start covering and being paid for this advice work. The number of calls is rare and the payment is designed mainly as an availability payment. I may also use the RUH transfusion policy to comment on Sulis policies if I am alerted to something that I believe would be in the best interest of patients to have haematologist input on. They currently have no haematologist on their Transfusion Committee and this would not be a formal role but I would like to declare that this situation may arise. This work and payment will be ongoing until further notice.	Sulis Hospital Bath Ltd.	Private Healthcare	16/09/2024		16/09/2024	Ongoing	Philip Robson, Consultant Haematologist, Clinical Lead
