

Redesigning Maternity Services Together

We've been listening to and working with mums, families, staff and those with an interest in our Maternity Service, to help us understand what we do well, where we could improve and how we can make the best use of our resources.

We're using the feedback we have gathered to think about :

- Different ways our Maternity Service could change.
- What the benefits or drawbacks might be.
- How any changes would fit with national and local maternity strategies and recommendations.

We'd value your input –if you would like to get involved please come along to our informal discussion session on:

Date	Wednesday 6th September 2017
Time	11:00-13:00
