

Hear the latest from the Dyson Cancer Centre project team in our virtual session

Wednesday 28 July at 11am

We're about to start work on building a new Dyson Cancer Centre at the RUH site, ready for opening in autumn 2023.

The Dyson Cancer Centre will bring the majority of cancer services, including research, under one roof, providing oncology, chemotherapy and radiotherapy services and a 22-bed inpatient ward.

Come along to our virtual session on Wednesday 28 July at 11am to find out more. Hear from those involved in the project including clinicians, our project management team and our construction partner and have your questions answered.

Contact ruh-tr.capitalprojects@nhs.net if you would like to attend.
