X-Ray	B7	G

Finding your way around the hospital

The hospital has different areas called **Zones: A, B, C, D, E and F.**

Each department has its own reference consisting of Zone and number (e.g. C45)

To find where you need to go:

1. Locate the Zone letter.
2. Find the department reference. (Zone and number)
3. Look for the floor level. G is ground floor, 1 is first floor, 2 is second floor
4. Use the corridor signage to guide you to the department entrance.
