How do I find books and journals?

You can find our books, along with those held in other libraries in the South West, at swims.nhs.uk. Contact the Library with your book requests as we are able to reserve and source from our wider healthcare network.

You can easily view our current journals via browzine.com. Select *Royal United Hospital Bath* as your chosen library. You will need an OpenAthens account to access full text articles.

What is OpenAthens?

The Trust subscribes to a number of online journals and databases. You will need an NHS OpenAthens account to access them. Use an NHS computer to sign up at openathens.nice.org.uk.

It also gives you password free access (from Trust computers) to:

- The Royal Marsden Manual of Clinical Nursing Procedures
- BMJ Best Practice

See our OpenAthens Guide for support and further information about the resources available.
