HCRG	68
Dorothy House	35
Other	334

As of March 2022 we had **2581 members** of which **296** were **new** library users.

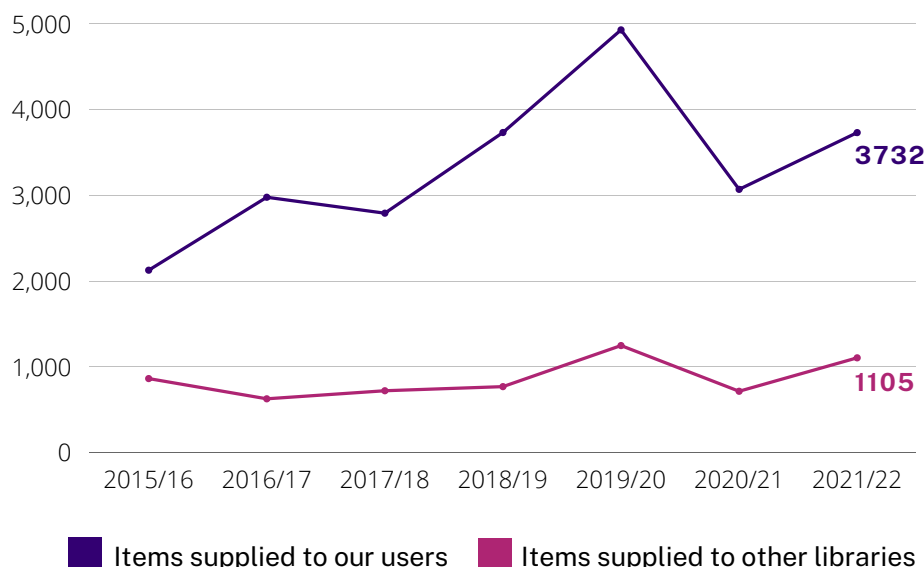

Literature Searching

367

Literature searches in 2021/22

5 impact case studies were added to the national database.

Document Supply

eLearning

3901

Staff were supported with eLearning in the Library

Being able to support staff remotely during the pandemic proved to be a very valuable resource. We continue to provide this resource which enables us to remedy any possible issues at the appropriate time - whilst our staff are logged into ESR and progressing through their mandatory training.

Learning Support Officer 1.0 wte

Quality & Improvement (QIOF)

Along with every other health library in England we received the results of our baseline validation review by national Health Education England Knowledge and Library Service team. Our results were very encouraging and our action plan as a result of this is a priority for 2022-23.

Library Priorities for 2022 - 2023

Identified from the Academy Library Survey and Knowledge for Healthcare: a strategic framework for NHS Knowledge and Library Services in England 2021 - 2026.

“Another challenging year has seen the Academy Library team again going above and beyond to support staff and students. The service has continued to provide high quality support to research and development, eLearning, service redesign, quality improvement, patient care and continuing professional development in the Trust. The Academy Library continues to be a calm oasis where staff and students come to study, work and relax.”

Jason Ovens - Head of Library and Knowledge Services
