

## **Press Statement**

**Issue date: 23 January 2008**

### **re. Ryan Harris**

Director of patient care delivery at the RUH Diane Fuller says: "The trust apologises for the confusion around the arrangements for Ryan's appointment, we are investigating this.

"Ryan Harris was triaged in terms of clinical urgency and an appropriate appointment had been scheduled for 27 February.

Two short notice cancellation dates were offered to Ryan's mother Rachel Daniels, but unfortunately these were not convenient. The family have since agreed to a new appointment on 6 February."
