Media Release

Access road closure to Bath RUH car parks Aug 8-10

An access road to some public car parks at the Royal United Hospital in Bath is to close temporarily next week.

It will be closed from Monday Aug 8 – Wednesday Aug 10 while further essential works are carried out during construction of the hospital's new 300-space car park, opening in September.

Access to the main entrance drop-off point, bus stops, Blue Badge car park, car park 1A and the Princess Anne maternity wing car park (P4) will be unaffected.

For all other car parks on site, patients, visitors and staff will have to use the Penn Hill Road entrance. Diversion and information signs will be in place.

We apologise for any inconvenience.
