

Specialist Palliative Care Team

Palliative Care is the support and care people have when their illness can't be cured. It means making the person as comfortable as possible with medicines.

The Specialist Palliative Care team has lots of people that work together.

They can help people to think about what is important to them.

They can help to reduce pain and make people as comfortable as possible.

It can help people to understand what their illness means for them.

They can help people to plan for the future.

They can give people and their families help with their feelings about dying.

They can talk to other professionals looking after people.

They can talk to people's families for them.

You can call them.
