

Respiratory Ward Closures

From time to time, the respiratory unit may be closed due to outbreaks of infection. This can result in restricted visiting. We appreciate this can create additional worries and concerns. If it is not possible to visit the unit, but you wish to obtain further information regarding your loved one, please ring the ward on 01225 82 4405/82 4805 and ask to speak to the nurse in charge.

In these circumstances, it may be possible for us to set up a security password to enable you to receive more detailed information over the telephone. If you wish to do this, please speak to the nurse in charge.

Thank you
