

# Resources to Support Schools and Education

## If you're worried about your child's learning, there are lots of resources to support you

- If they are attending school it is important to arrange a time to speak to their teacher. You can share your concerns and ask what extra support might be available.
- Schools have access to a range of resources and strategies that may help your child, and which you can consider using at home.
- There are also a variety of resources available to access online or in your local area. These can support you with your child's learning at home or in the classroom.

## Resources for Everyone

- **Education and Epilepsy**  
<https://www.epilepsy.org.uk/info/education/education-and-epilepsy>
- **Training for schools**
