Soft and Bite Sized Food
Level 6

General description:

- Food is soft, tender and moist - needs chewing but no biting.
- It can be mashed or broken down with a fork. A knife is not required to cut this food.
- Bite sized pieces no larger than 1.5 cm (½ inch).
- Usually requires a smooth sauce, gravy or custard, which should be very thick.

- No mixed (thick-thin) textures e.g. cereal in milk, mince in thin gravy, dried fruit in sponge.
- No hard, tough, chewy (toffee), fibrous (dry roasted meat), stringy (pineapple, celery), dry, crispy, crunchy (toast, flaky pastry) or crumbly bits (bread crusts, dry biscuits).
- No pips, seeds, pith/inside skin. No skins or outer shells e.g. on peas, grapes. No husks.
- No skin e.g. on sausages, (use skinless ones) bone or gristle.
- No round or long-shaped foods e.g. sausages, grapes, sweets. No hard chunks e.g. pieces of apple.
- No sticky foods e.g. cheese chunks, marshmallows.
- No ‘floppy’ foods e.g. lettuce, cucumber, uncooked baby spinach leaves.
- No juicy food where juice separates off in the mouth to a mixed texture e.g. watermelon.

Check before serving/eating:

- No hard pieces, crusts or skins have formed during cooking/heating/standing.
- Fluid/gravy/sauce/custard in or on the food has **not** thinned out or separated off.

Based on Dysphagia Diet Food Texture Descriptors March 2012 and IDDSI (International Dysphagia Diet Standardisation Initiative) Framework – April 2018
All Level 6 foods must be chopped into bite sized pieces (1.5cm/½ inch) before eating.

**Meat**
- Pieces of soft tender meat (1.5cm/½ inch)
- Or serve meat finely minced. No hard bits of mince. Serve in a thick smooth sauce or gravy

**Fruit**
- Juicy fruit should be chopped or mashed – drain away any juice that has separated. Avoid fibrous parts of fruit e.g. remove skins

**Bread**
- No bread unless assessed as suitable by SLT on an individual basis

**Cereal**
- The texture of smooth, thick porridge with no hard lumps. Soft tender lumps are acceptable (1.5cm/½ inch)
- Fully softened wheat-biscuit breakfast cereal with milk fully absorbed
- Any milk/fluid must not separate off i.e. no thin loose fluid/no mixed (thick/thin) textures

**Dessert**
- No ice-cream or jelly if a person requires thickened fluids because these can change to normal fluid thickness in the mouth

Based on Dysphagia Diet Food Texture Descriptors March 2012 and IDDSI (International Dysphagia Diet Standardisation Initiative) Framework – April 2018
All Level 6 foods must be chopped into bite sized pieces (1.5cm/½ inch) before eating.

### Breakfast
- Egg (scrambled, poached, boiled, fried)
- Baked beans or tinned tomatoes with soft white bread (no crusts)
- Soft fruits e.g. chopped banana, ripe peaches, melon, nectarines, strawberries
- Porridge, Ready Brek or instant oat cereal
- Weetabix soaked well in milk
- Pancakes with syrup

### Main meal
- Well-cooked soft pasta and sauce
- Boiled white rice (well cooked with plenty of thick sauce)
- Steamed, poached or baked fish e.g. cod, haddock in sauce
- Plain, soft omelette with soft filling
- Minced meat in thick gravy
- Tender meat casserole with plenty of thick sauce or gravy
- Lean tender pieces of meat e.g. chicken, turkey with plenty of thick gravy
- Thick creamy soup
- Fish pie
- Cottage pie

### Dessert
- Plain sponge cake, cake bars or sponge fingers with custard or cream – no fruit cake
- Steamed plain pudding with custard or cream, e.g. sticky toffee pudding, vanilla sponge
- Soft fruit - tinned or fresh, e.g. strawberries
- Stewed fruit with yoghurt, ice cream, cream or evaporated milk
- Thick and creamy yoghurt or fromage frais
- Crème caramel
- Egg custard
- Rice pudding
- Semolina

Soft and Bite Sized Food
Level 6

All Level 6 foods must be chopped into bite sized pieces (1.5cm/½ inch) before eating.

Snacks

- Soft cake, plain or flavoured sponge, e.g. chocolate sponge, treacle sponge, gingerbread
  *NB – Do not give cake that contains dried fruit or nuts or is topped with hard icing or marzipan*

- Melt in the mouth crisps, e.g. Wotsits, Quavers, Skips, Pomme Bear, Monster Munch

- Chocolate, e.g. room temperature buttons, Maltesers.
  *NB – Do not give chocolate that contains dried fruit & nuts, e.g. Snickers*

- Ripe fruit cut into small pieces or gently mashed, e.g. banana, pears, peaches, plums, nectarines, melons, mangoes (all skinned), strawberries, raspberries

- Pots of yoghurts, pots of soft or pureed fruit, ‘Muller’ rice
