

## Bath BabyView Heartbeat Teddy Bears Terms and Conditions

Please take time to read through these terms and conditions.

### Description

Each Heartbeat Teddy Bear is pre-stuffed with super-soft and cuddly stuffing. An internal pouch with Velcro fastening holds the sound recorder. On arrival at your appointment the Sonographer will record your baby's heartbeat onto the recorder for approx. 20 seconds. Once the heartbeat has been recorded, you then place the recorder into your bear and close with the Velcro fastening. Finally press your bear to hear the heartbeat you have recorded.

### What is a Heartbeat Teddy Bear?

A Heartbeat Teddy Bear provides the opportunity to capture this priceless keepsake moment which allows you to enjoy the sound of your baby's heartbeat before and after a baby's arrival. The heartbeat can be enjoyed for years to come inside your very own cuddly teddy bear.

### Recording Device

An approx. 20 second recording of the heartbeat will be recorded.

R. Record

O. Off

P. Play

Please note that once the recording has been taken the device will be ready to play. If the device is switched to R and the button is pressed, your recording will be lost. Recordings will not be stored on hospital equipment and archived. Recordings will not be available to replace lost recordings.

### Safety Information

Heartbeat Teddy Bear products have a Velcro fastening and internal pouch with zip to house the sound recorder.

They are not suitable for children under the age of 3 because of small parts which could be a choking hazard.

It is advised NOT to place the teddy bear in a cot with your baby or leave small children unsupervised with the teddy bear.
